

ChexGo Series

Dynamic Checkweigher

Weasy -- Weighing Easy

Designed for dynamic weighing application

30+years R&D experience in weighing control

ChexGo Series checkweigher with the feature of high speed, accuracy and stable performance can work well in the harsh industrial environment. Assuring the 100% product weighing detection under the law and regulation, it will reduce the customer complains and protect enterprise fame. Whilst replacing the manpower to lower the cost, ChexGo can help you to increase efficiency of the production line and avoid risks.

Easy operation

Accurate weighing

Abundant function

Stable and reliable

Stable, flexible and accurate design

Indicator Light
Makes the weight result more visible.

10-inch touch screen
10-inch color user friendly touch screen and graphical design interface.

Control System
30+ years' experience in inventing and innovating.
Module design for troubleshooting, maintenance and change parts.

Feet
Designed feet for preventing vibration with flexible margin adjustment.

High efficient and better performance

Anti-interference design

Professional circuit design, the weighing control box is passed EMC test, which can resist the power and electromagnet interference and maintain the stable operating.

Adjustable material orientation guider

- Ensure the object stable moving;
- Decrease the vibration;
- S304 Stainless steel.

Anti-corrosion paint protection

All control panel is protected by anti-corrosion paint, which is moisture proof, dust proof, insulation and anti-vibration.

Abundant function, easy integration

- Standard Modbus TCP/IP, RS485 communication
- Support connecting to labeling machine, ink-jet printer
- Support connecting to printer to print weighing data records.

Printing Function

When communication is set as print and checkweigher is connected to the printer, the weighing data records can be printed on the interface of statistic result or by sending the print order via communication.

USB Memory Port

- Data acquisition;
- Program update.

Multi-type Rejector

Multi-Rejector option, flap method, swing arm, push type – flexible design.

User-friendly design

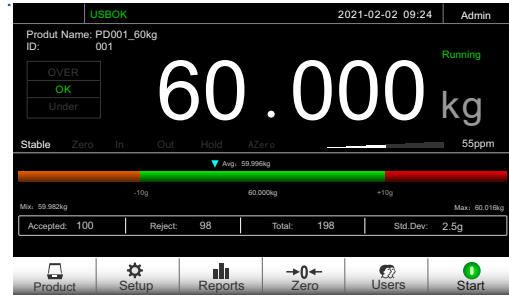

- 10-inch color user friendly touch screen and graphical design interface. Simple operation without professional training.

- A million product formula storage. Users/Admin can easy add or delete data.

- 3 levels of administration authority for well-organized management.

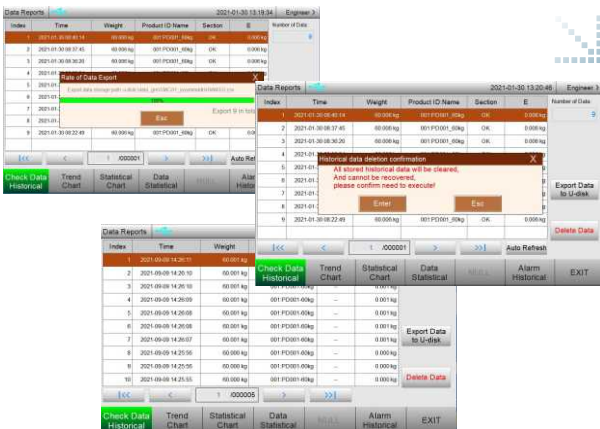

- Advanced and sophisticated software algorithm makes sure the accuracy, as well as high speed dynamic responses.

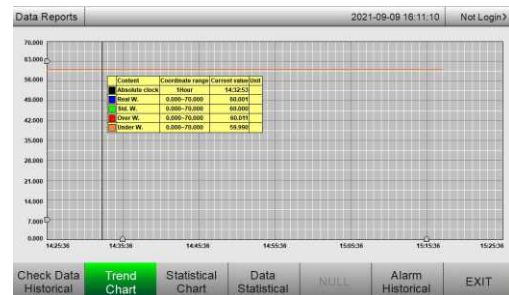

Well-organized data management

- A million data details record including serial number, time and result for admin to check errors. Data summary report can be exported through USB and RS485.

- Weight fluctuation chart reflects the product's weight conditions from the macro perspective.

DYNAMIC CHECKWEIGHER CW-100G

- This product is widely used in Pharmaceutical production lines for highest weighing accuracy and repeatability;
- The checkweigher monitor manufacturing efficiencies and provide real-time data on your process;
- Product completeness and trends also provide feedback data to production line;
- It is also used in the application of checking completeness of secondary package to identify any missing items.

Speed

Standard specification

Model	CW-100G
Weighing range	1~500g
Scale division	0.05g
Highest Accuracy(3 σ) *	± 0.1 g
Highest Weighing speed *	180 pcs/min
Belt speed	5~60 m/min
Belt size	250×100mm
Weighing platform Height **	750±50mm
Tested object size	Length: 50~180mm Width: 20~80mm Height: 10~150mm
Belt material	PVC (white)
Structure of the material	Carbon steel, SS304 stainless steel (weighing platform)
Alarm light	3-color signal light (Red, yellow, green) , Optional buzzer
Display size	10-inch color touch screen
Rejector lineup	Options: swing type, air blow type, push type or lift up type rejector
Power	Single Phase AC-220V $\pm 10\%$, 50/60HZ
operating temperature	0~40°C
IP grade	IP54 ,IP65 Optional

*Depend on the weight, size, and material of test object. Test accuracy: 0.1g at 100pcs/min; 0.3g at 180pcs/min.

Application of the scene

General Measure established in 1993, as one of China's earliest industrial weighing company who is also a national high-tech enterprise, has over 50 people in the R&D team. For 28 years, we have been committed to improving the automatic process of industrial weighing and the precision of weighing control.

In 2003, we began to open the overseas market. Since 2006, General Measure dominated the high-end market and occupying more than 25% of the market in China. To expand the global business scale, we have been focusing on overseas markets since 2012. It has been seen that the average sales growth is above 30% every year.

We will continue to provide reliable industrial weighing indicators and equipment with excellent performance and weighing solutions with innovative value to our partners. Listening, Innovating, and growing together is our value, which guides us to achieve win-win cooperation by helping clients achieve their goals.

Combining cutting-edge technology to disrupting the industry status-quo, making weighing more accessible.
