

Checkweigher for Explosion Risk Application CW-60K-Ex

CW-60K-Ex check weigher is designed for automatic weight checking in industrial field where there is a risk of explosion. Its module design with full touch screen makes it easy installation and operation.

- Anti-explosion control box to meet the requirements of anti-explosion application;
- Automatic online weight checking, the highest speed is 60pcs/min;
- Standard module design for easy integrating in production line;
- The highest accuracy can reach $\pm 5g$;
- Support Modbus TCP/IP, RS485 for communication.

Multiple applications

Specification

Model	CW-60K-Ex Horizontal	CW-60K-Ex Vertical
Power	AC380V $\pm$ 10%, 50/60Hz, 1KW	AC380V $\pm$ 10%,50/60Hz,1KW
Weighing Range	5~60kg	5~60kg
Highest Accuracy	$\pm$ 10g	$\pm$ 10g
Highest Speed	$\leq$ 60pcs/min(Belt length: 1000mm) $\leq$ 50pcs/min(Belt length: 1200mm)	$\leq$ 50pcs/min(Belt length: 800mm)
Tested Object Size	Length: 100~800/1000mm, Width: 50~600mm, Height: 50~600mm	Length: 100~600mm, Width: 50~400mm, Height: 50~400mm
Belt Speed	10~60m/min	10~40m/min
Conveyor Size	1200mm*600mm*/1000mm*600mm	800mm*400mm
Distance Between Rollers	1200mm/1000mm	800mm
Weighing Platform Height	400~750($\pm$ 50mm)(Customization)	400~750($\pm$ 50mm)(Customization)
Working Temperature	0~40 $^{\circ}$ C	0~45 $^{\circ}$ C
Max. Humidity	90%R.H, non-condensation	90% R.H, non-condensation
Load Limit	The instantaneous load limit is 100kg	The instantaneous load limit is 100kg
